INTRODUCTION FOR VINCE MORVILLO

Our Speaker today is Vince Morvillo, who is an award winning yachtsman and successful entrepreneur who affirms the fact that anything is possible. In his experience and opinion, it's not sight that builds successful companies, or enables you to succeed, compete and win it's your ability to "See Other Solutions".

Vince's accomplishments are outstanding and lengthy. To give you a flavor of what he has accomplished, I will mention a few. Vince is the owner and operator of Sea Lake Yacht Sales which he built to become one of the largest yacht sales operations on the Gulf Coast. Vince has worked as a consultant in marketing and sales drawing from his personal achievements in sales. One of which was for eight years running he was the top sales person in North America for a large yacht manufacturer. In 2004, Vince became the first blind sailor to win a National Sailing Championship, defeating a large fleet of sighted sailors. And if all of that isn't remarkable for a blind person, Vince has become skilled in crafting furniture from wood. Vince's presentation, "See Other Solutions", embodies the unique approach that he has learned due to his disability. Vince truly approaches challenges from a different perspective. Vince's motivating, inspiring presentation will give you the tools to redirect thought processes and give you the understanding that what is, is not all that there is nor can be.

Now let's give a warm welcome to Vince Morvillo
